

## PODIUM INTRODUCTION

Our next speaker is a registered nurse, a psychologist and a flight instructor who expedites change in companies around the world.

Originally from Montreal, Canada, Dr. Janet Lapp received her RN from St. Michael's Toronto and a PhD in Psychology from McGill University. After a career as a university professor, she wrote five books, created an Emmy-nominated CBS-health series called 'Keep Well' and was inducted into the Speaking Hall of Fame.

Each month with the Flying Doctors, she flies volunteers and supplies to central México to provide medical care to the underserved.

Dr. Janet believes that anything is possible, it's never too late, and there are no excuses.

Please welcome .....
